Permit # _____

AFFIDAVIT OF REQUIREMENT COMPLIANCE
Residential Swimming Pools, Spa, and Hot Tub Safety Act

I (We) acknowledge that a new swimming pool, spa, or hot tub will be constructed or installed at _____,
(please print street address)

and hereby affirm that one of the following methods will be used to meet the requirements of Chapter 515, Florida Statutes:
(Please initial the method used for pool.)

- _____ The pool will be isolated from access to the home by an enclosure that meets the pool barrier requirements of Florida Statute 515.29.
- _____ The pool will be equipped with an approved safety pool cover that complies with ASTM F1246-91 (Standard Performance Specifications for Safety Covers for Swimming Pools, Spas, and Hot Tubs).
- _____ All doors and windows providing direct access from the home to the pool will be equipped with an exit alarm that has a minimum sound pressure rating of 85 decibels at 10 feet.
- _____ All doors providing direct access from the home to the pool will be equipped with self-closing, self-latching devices with release mechanisms placed no lower than 54 inches above the floor or deck.
- _____ The pool will be equipped with a pool alarm that, when placed in a pool, sounds an alarm upon detection of an accidental or unauthorized entrance into the water. Such pool alarm must meet and be independently certified to ASTM Standard F2208, titled "Standard Safety Specification of Residential Pool Alarms," which includes surface motion, pressure, sonar, laser, and infrared alarms. For purposes of this paragraph, the term "pool alarm" does not include any swimming protection alarm device designed for individual use, such as an alarm attached to a child that sounds when the child exceeds a certain distance or becomes submerged in water.

I understand that not having one of the above installed at the time of final inspection, or when the pool is completed for contract purposes, will constitute a violation of Chapter 515, F.S., and will be considered as committing a misdemeanor of the second degree, punishable by fines up to \$500 and/or up to 60 days in jail as established in chapter 775, F.S.

I understand that the Fort Pierce Building Department assumes no liability for the final inspection of one of the above protective devices, or the lack of maintenance, or the removal of such after the swimming pool has been finalized.

I, the contractor, agree to instruct the owner of the proper use and maintenance of such safety device.
